## **YOUNG MEN AND WOMEN PREPARE FOR LIFE**

A college is more than an academic tower. A college is people.  
A college is environment.

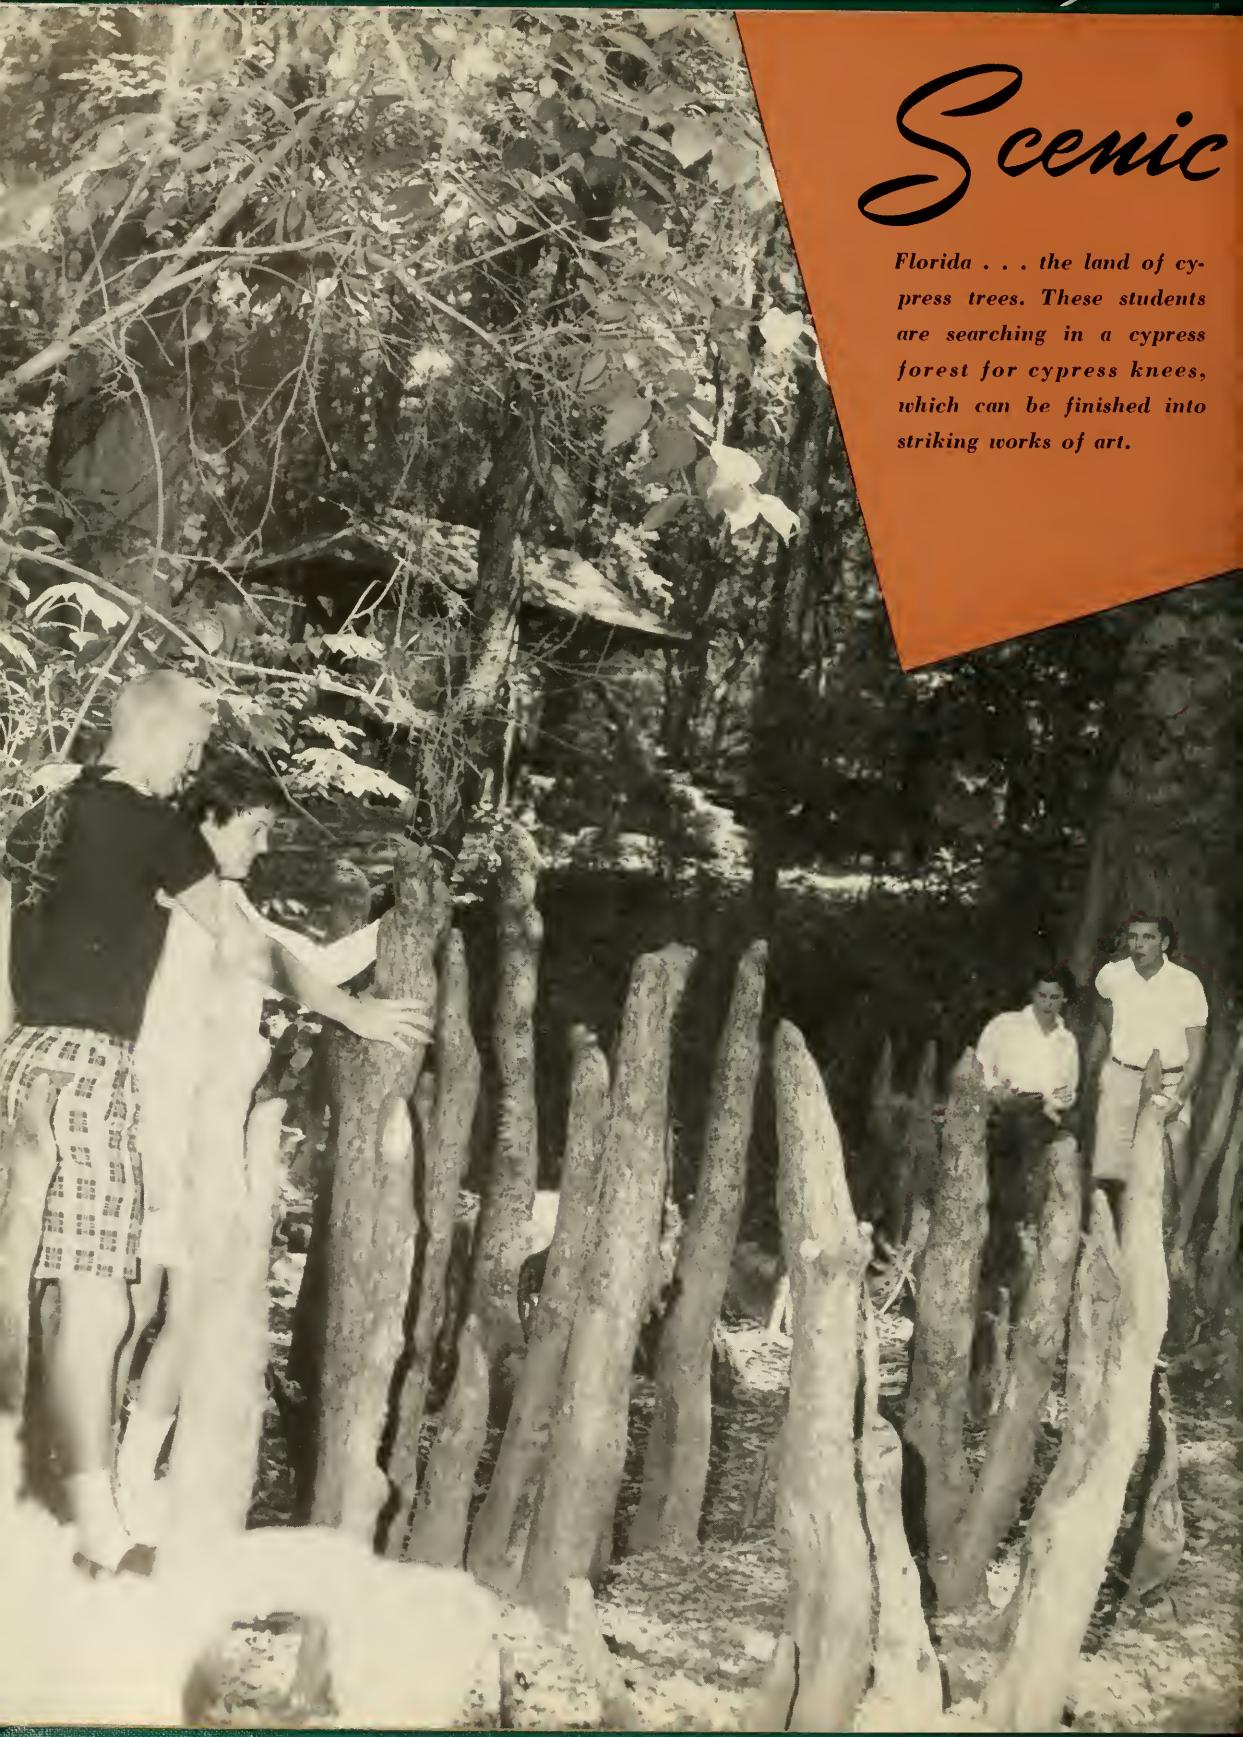

The men and women of Florida Southern live in an academic world, drinking in a full share of the arts and sciences; they live, too, in a world of people, friendly people, learning that every individual lives not only in a society but also by means of that society; and they live in the perfect environment, where nature and man have joined to produce that which is beautiful.

A college is also a place to enjoy life to the utmost . . . to fill every moment with memories which will endure a lifetime . . . to live joyously in this wide, wide world of ours . . .

**IN THIS FABULOUS COLLEGE STUDENTS ENJOY**

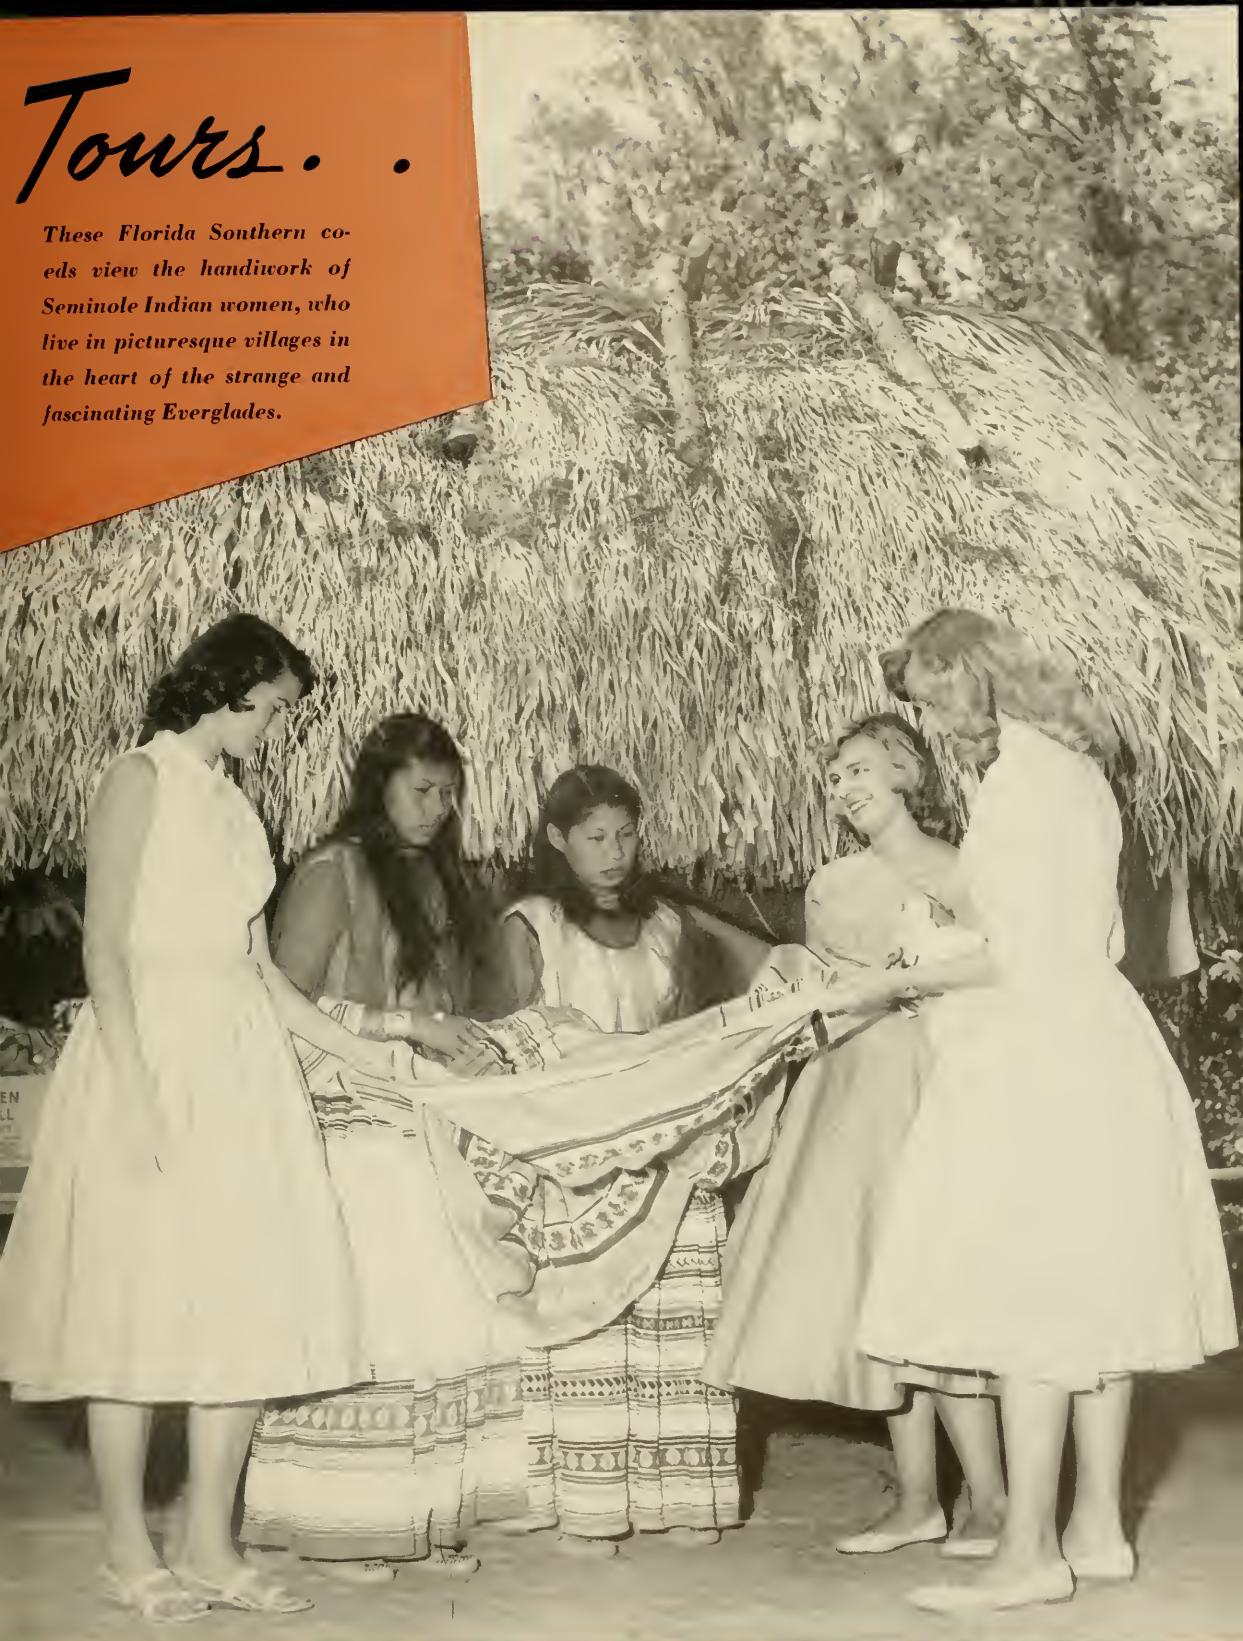

# Scenic

*Florida . . . the land of cypress trees. These students are searching in a cypress forest for cypress knees, which can be finished into striking works of art.*

# Tours. . .

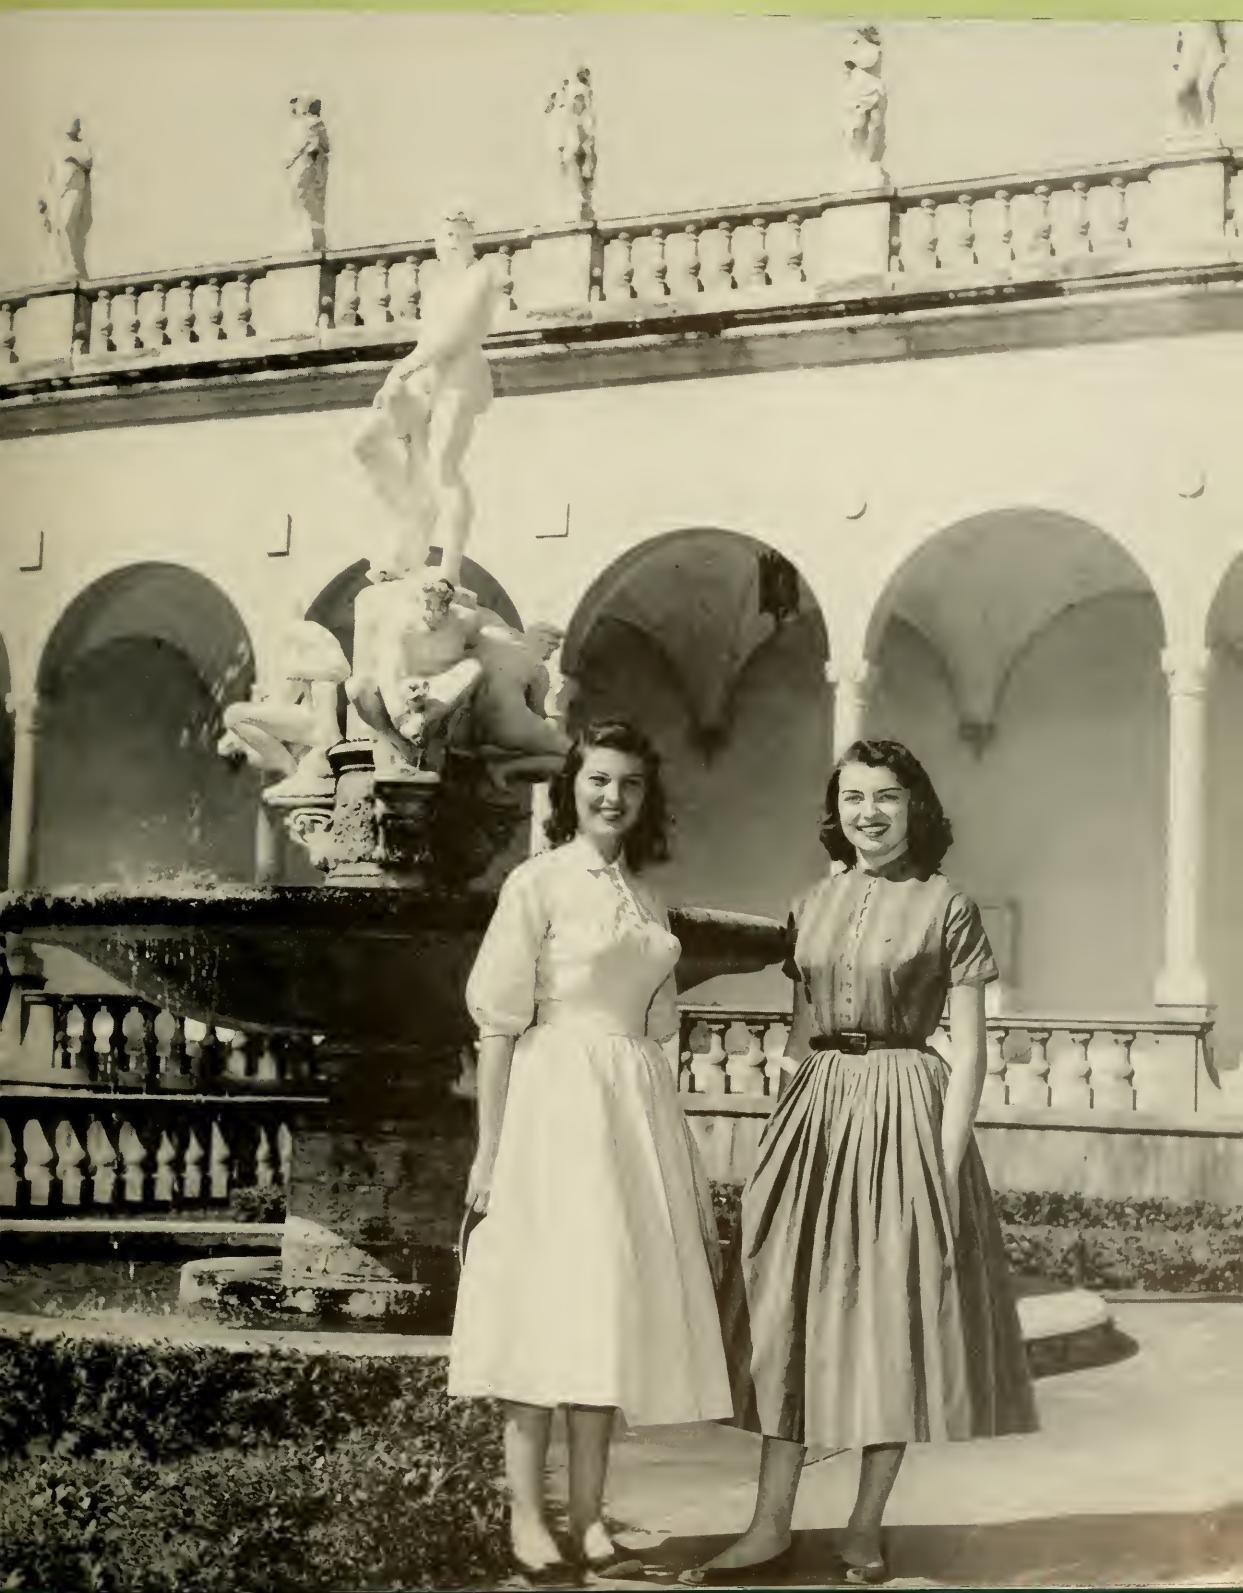

These Florida Southern co-eds view the handiwork of Seminole Indian women, who live in picturesque villages in the heart of the strange and fascinating Everglades.

*At the annual Florida Citrus Exposition. A pair of FSC women enjoy the advertising display of the Florida Citrus Commission, which has its modern offices in Lakeland . . . in the very heart of the rich citrus producing area of the state.*

*The famous Ringling Museum of Art in Sarasota, housing some of the world's greatest art treasures. Within easy driving distance of the campus on the Florida West Coast, hundreds of FSC men and women have visited this great museum.*

# *The Old South*

*Surrey with the fringe on top! A bit of the old*

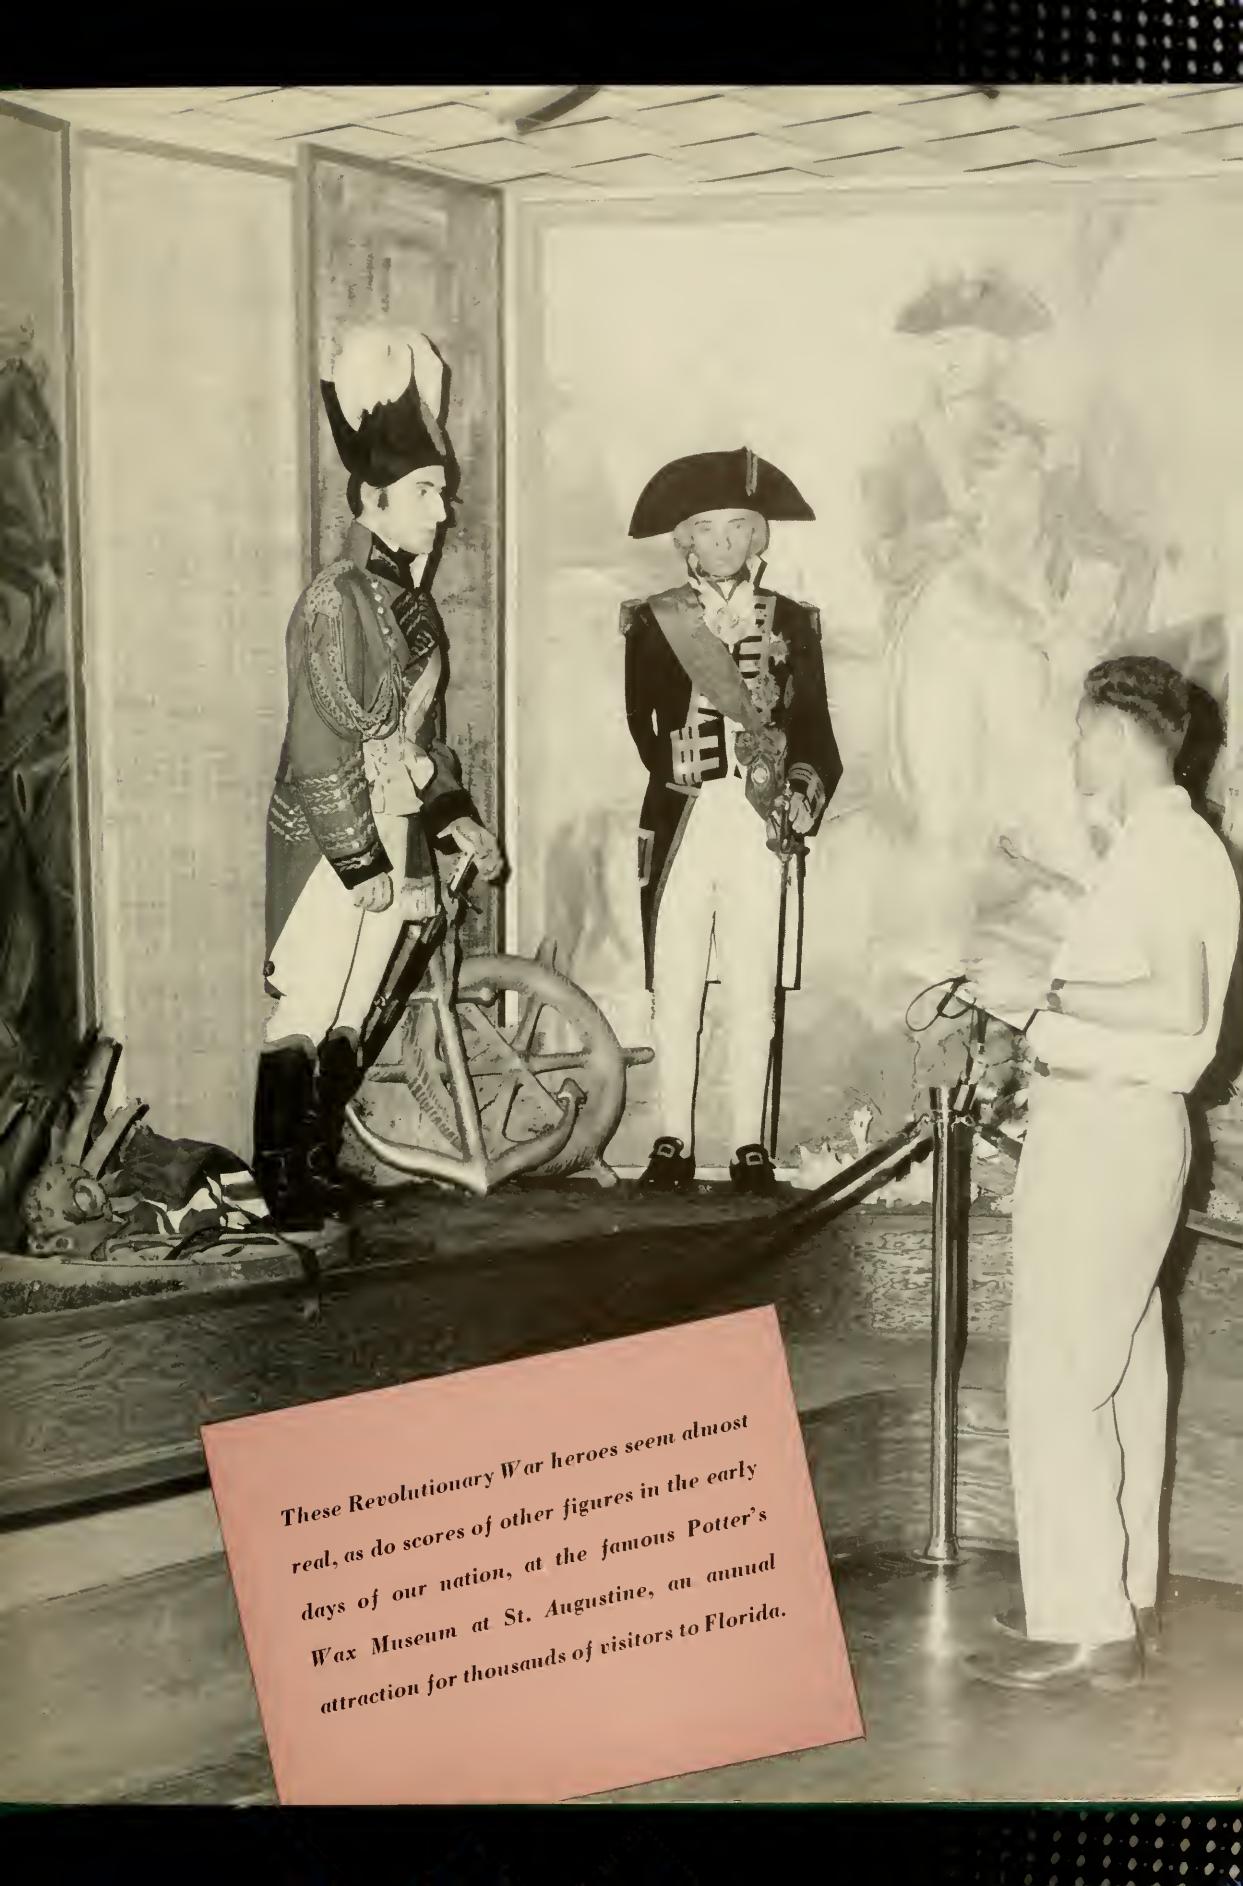

*South in the old days is experienced by these students on a visit to the nation's oldest city—historic St. Augustine. No octane rating worries with this old dobbin!*

*Cadets of the ROTC at Florida Southern reconstructed old Fort Clinch in Central Florida . . . a reminder of the frontier days of the middle of the nineteenth century when Seminole Indians were on the warpath in Florida.*

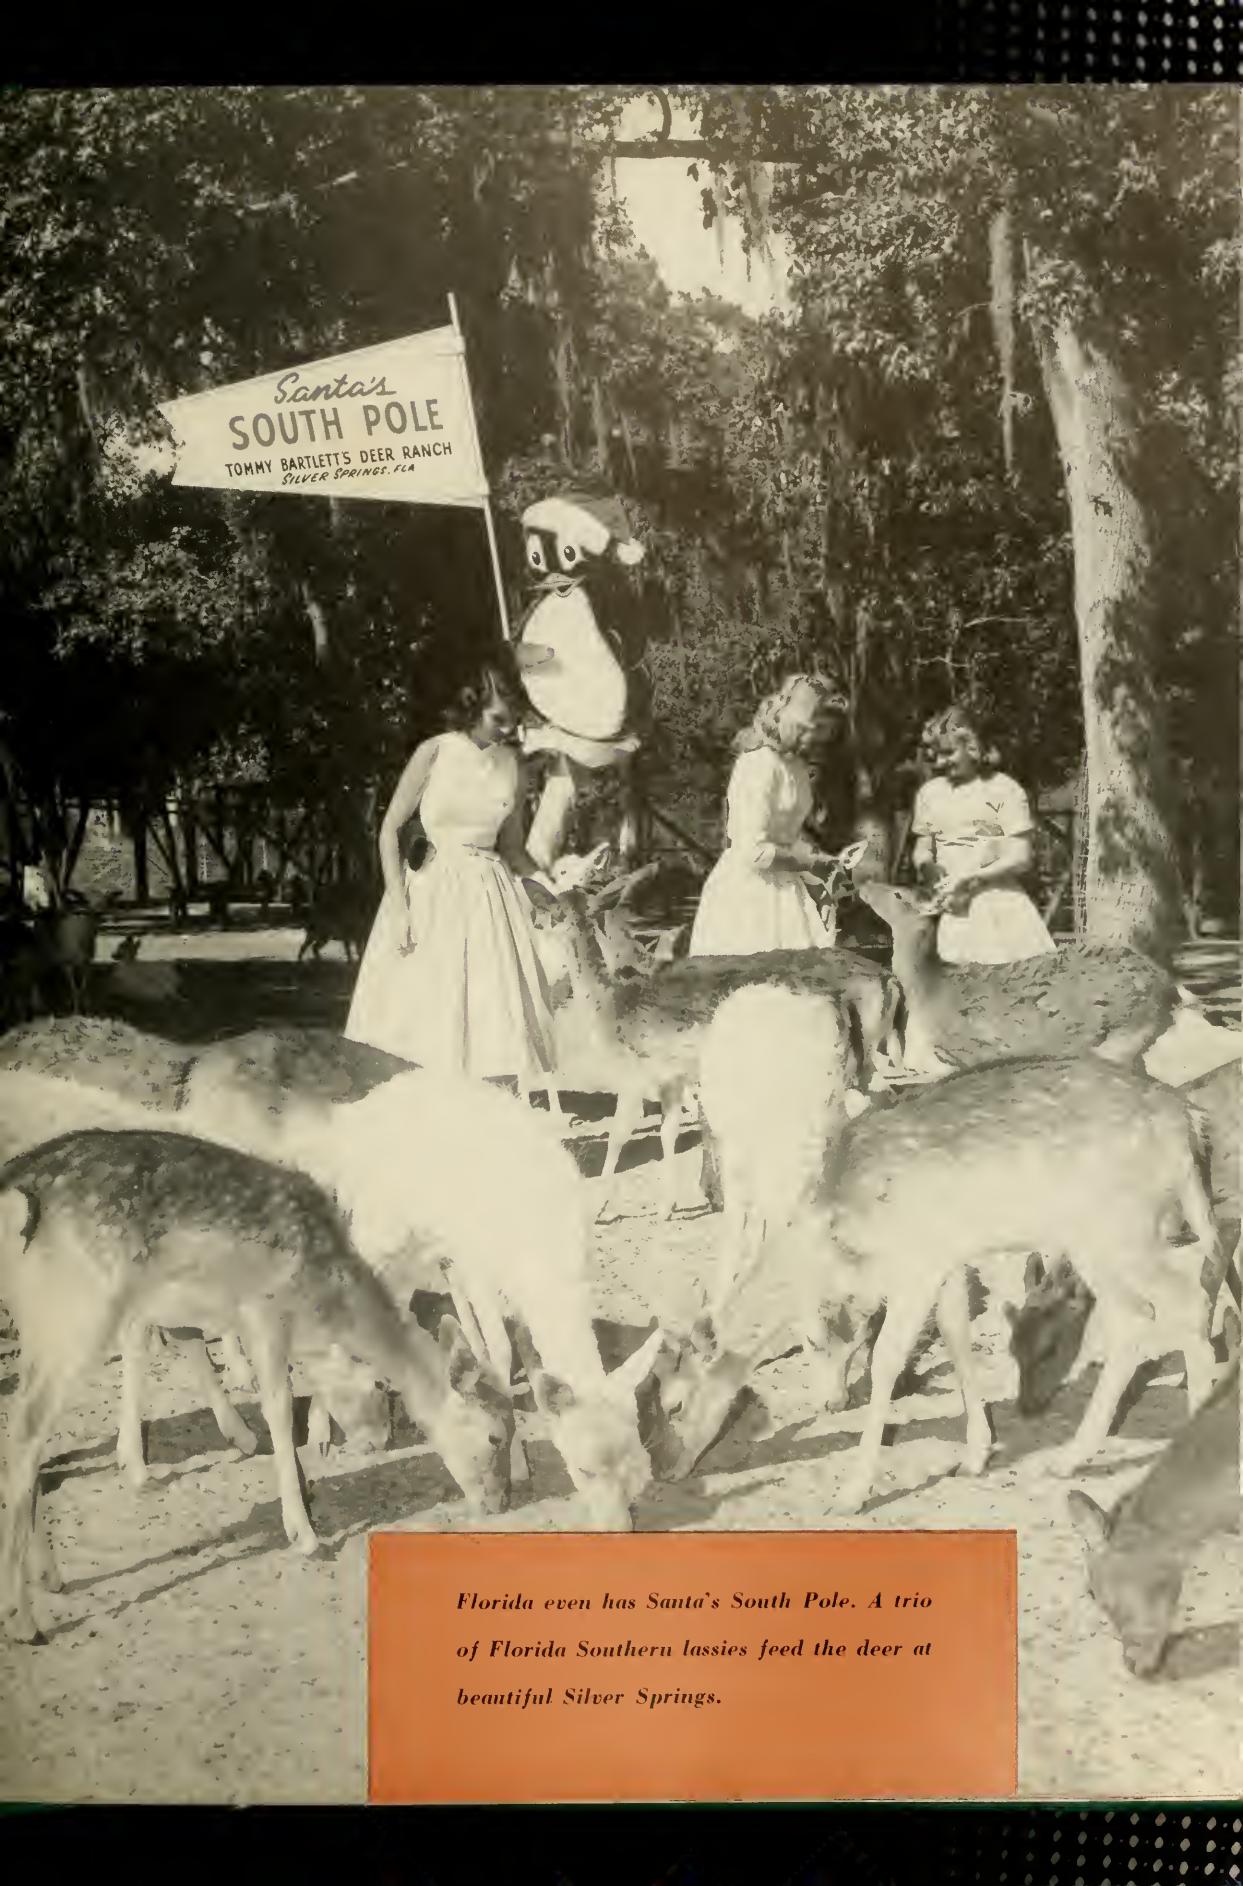

*These co-eds posed for the camera in front of the Great Masterpiece, huge mosaic at Lake Wales depicting the Lord's Last Supper.*

These Revolutionary War heroes seem almost real, as do scores of other figures in the early days of our nation, at the famous Potter's Wax Museum at St. Augustine, an annual attraction for thousands of visitors to Florida.

*A pair of co-eds and golden Florida oranges. Students can pick a bit of citrus right on the campus at Florida Southern with its orange-grapefruit-tangerine setting. Tens of thousands of acres of citrus stretch in all directions from Lakeland . . . and in the early spring . . . orange blossoms everywhere!*

Santa's  
**SOUTH POLE**  
TOMMY BARTLETT'S DEER RANCH  
SILVER SPRINGS, FLA

*Florida even has Santa's South Pole. A trio of Florida Southern lassies feed the deer at beautiful Silver Springs.*

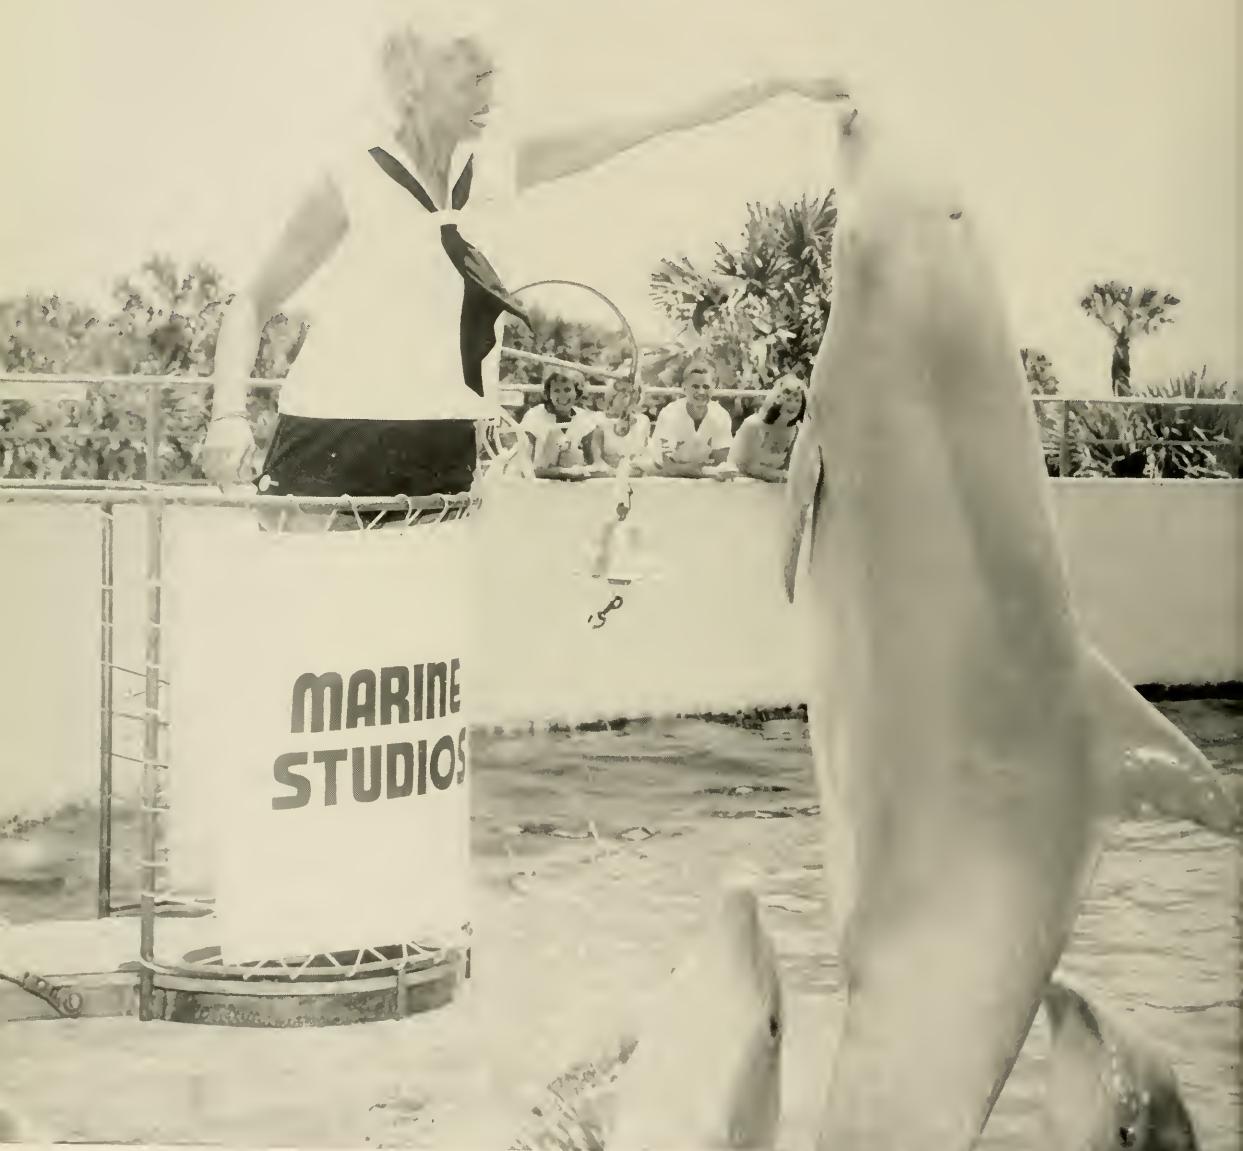

*Stately Bok Tower at Lake Wales with the peaceful lagoon in the foreground. Carillon concerts attract tens of thousands of visitors every year to this Florida beauty spot.*

*The "jungle" cruise down the Oklawaha at famous Silver Springs. Semi-tropical Florida is seen at its best by these FSC men and women.*

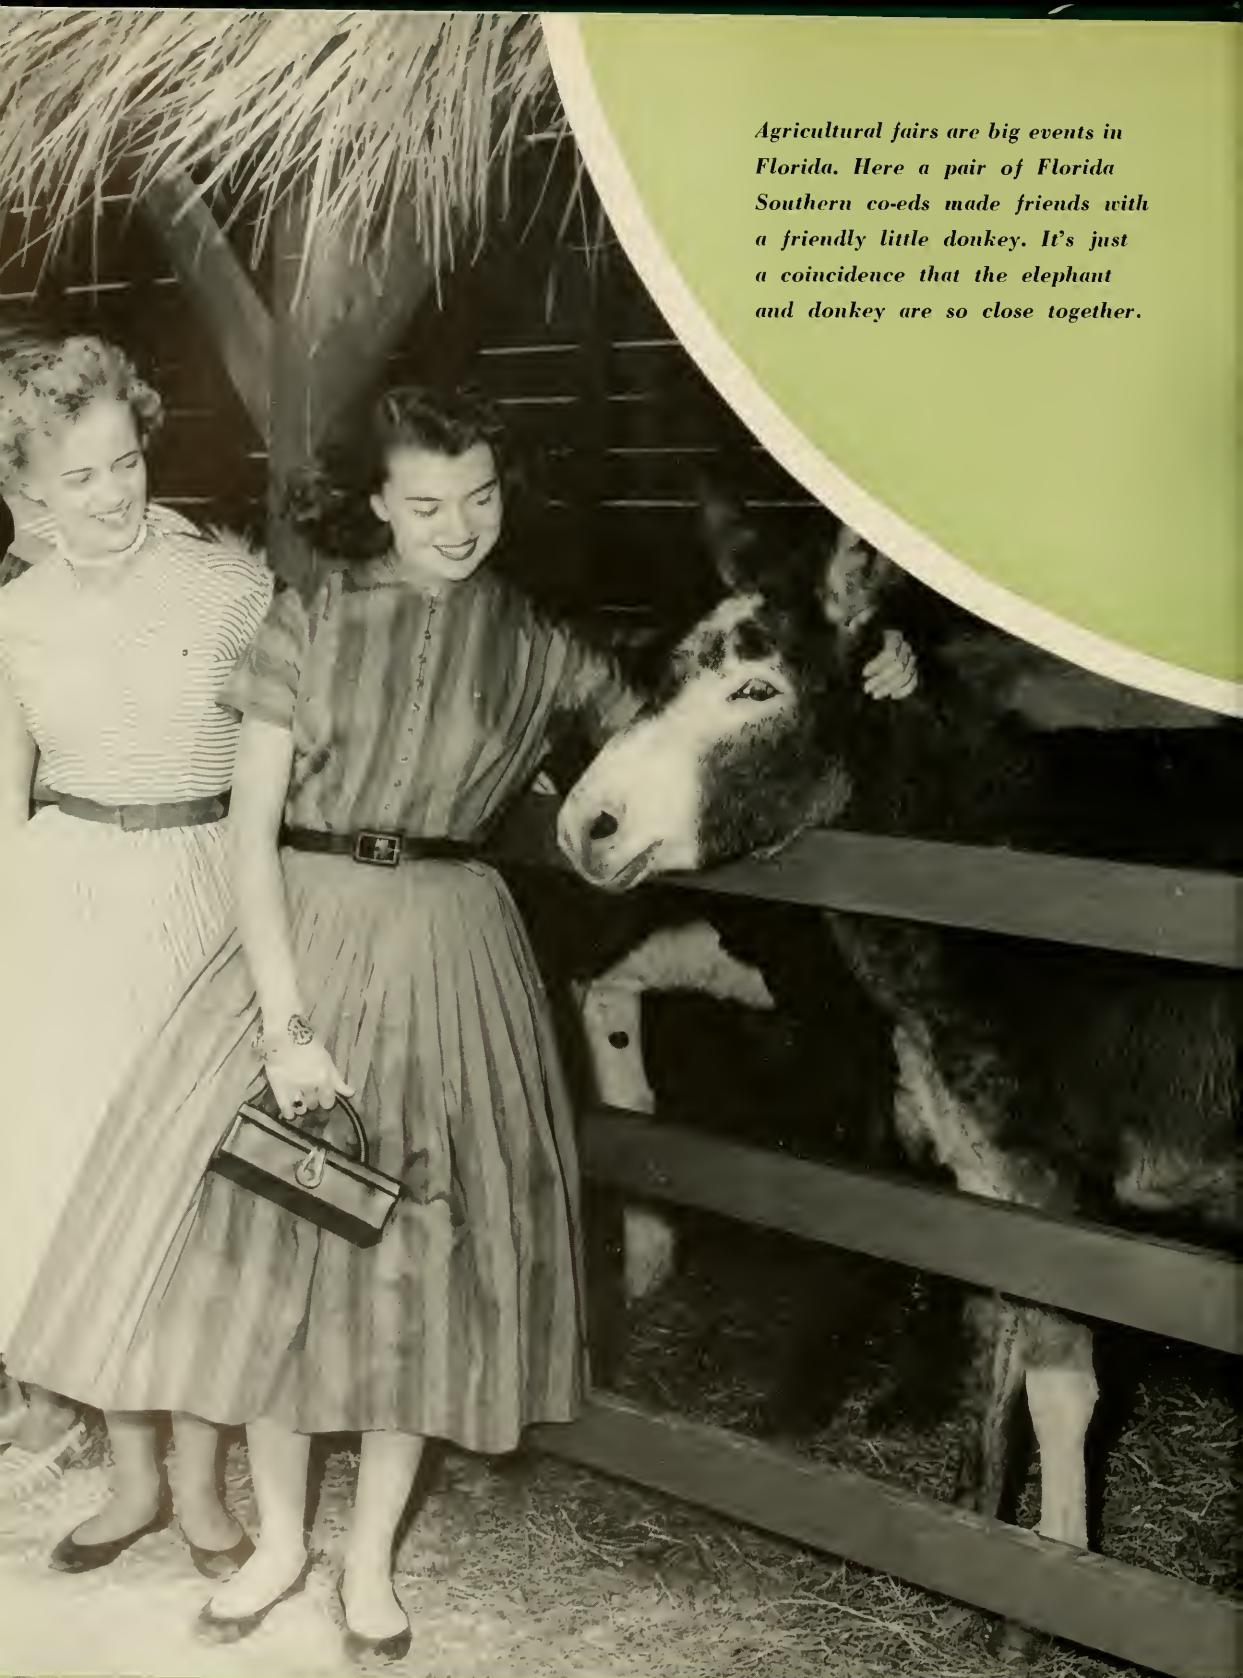

## Nature's Wonderland

*This venturesome co-ed feeds tid-bits to the giant porpoises at fascinating Marineland while her classmates look on in the background.*

*A visit to the greatest show on earth at its winter headquarters at Sarasota. These girls got a thrill riding the elephants . . . nice, docile fellows . . . at Ringling Brothers, Barnum and Bailey. And on this trip, Photographer Paul Wille even got into a cage with a tiger!*

*Agricultural fairs are big events in Florida. Here a pair of Florida Southern co-eds made friends with a friendly little donkey. It's just a coincidence that the elephant and donkey are so close together.*

# *we have fun in the Sun!*

*In the winter and summer playground of America. Fabulous Florida.*

*Wholesome recreation is a vital part of life at Florida Southern College. And there is fun for all in this matchless climate where outdoor living is the rule and not the exception.*

*In hours of leisure, there's the white sand beaches of the Atlantic and the blue-green waters of the Gulf of Mexico. There's sailing on the bays and deep sea fishing. And fighting black bass in the thousands of lakes.*

*When the winds are cold and the snow is deep in the North, it's baseball time in Florida and Lakeland is the winter home of the Detroit Tigers.*

*There's golfing and tennis the year around and swimming in all but the coolest months.*

*You name your outdoor recreation for fun in the sun and Florida has it. That's why the 1957 Interlachen proclaims: It's wonderful to go to college, Florida Southern College, in Florida!*

*Fore in a foursome! Two fine golf courses in Lakeland provide FSC students with excellent opportunities for play throughout the school year. A good drive here, from the pleased looks on the students' faces.*

*Remember the Stutz Bearcat, the Marmon, the Jordan, the Autocar? Of course not, but FSC students can inspect the cars of yesteryear when the oldsters were youngsters at the "Cars of Yesterday."*

*The Detroit Tigers in spring training at Henley Field. A pair of co-eds learn fine points from Tiger star Ray Boone.*

*Shades of Gasparilla and the terrible Spanish pirates during their annual siege and capture of Tampa. But these brave Florida Southern lassies seem undaunted by the fearful character who once roamed the Spanish Main.*

## *Relax in the Sun*

*Who's for a swim? A cooling dip in Florida Southern's new ultra-modern pool on the East Campus.*

*And who's for sunbathing and a  
plunge in the surf? This is a  
typical scene of a group of  
FSC men and women enjoying an  
outing on the Gulf of Mexico's  
famous sand beaches.*

*This college couple is having a time of it at world famous Daytona Beach, enjoying a sports car ride on the hard-packed sand. Daytona is within easy driving distance of Florida Southern.*

*A picture of relaxation. What could be more enjoyable than sail-boating on the Gulf or on one of the thousands of beautiful lakes that are a part of fabulous Florida. This is a Gulf scene.*

## *Active Sports*

IN A SETTING OF BEAUTY

*A quartet of students in a graceful water-skiing pose at Dick Pope's exotic Cypress Gardens at nearby Winter Haven.*

*And there are the fairs so typical of Florida life in the early Spring. The "Pageant of States" at St. Petersburg. The "Citrus Exposition" at Winter Haven. The "Strawberry Festival" at Plant City. The "Pageant of Light" at Fort Myers. The "Gasparilla" and Florida State Fair at Tampa. And the others—all of which help to provide fun in the sun for the men and women of FSC.*

*Semi-tropical beauty at its best. These students gain a new insight into Florida and its seldom-seen wonders while boating down the tranquil Hillsborough River.*

*And what could be more fun in the sun than a picnic in a Florida state park. This scene is a familiar one at Hillsborough State Park, 25 miles from FSC.*

*The bass grow big, black and full of fight in Florida's fresh-water lakes. And students land them as the picture shows.*

*Famed Cypress Gardens and its beauties. These Florida Southern co-eds form part of the lovely background seen at the noted spot and seen by visitors from throughout the world.*

*Spanish moss and a big water oak. And a girl and boy with the wonderful world all around them. This is Florida, fabulous Florida and fabulous Florida Southern College.*

*Almost like magic, the fall fades into winter, sans snow, sans ice and sans frigid winds. And the tempo of campus life picks up as friendships develop and romances flourish. There's examinations and parties, drills and registration, famous names on campus and fun at the C. T. There's the stir of life in nature, too, as the poinsettias bloom and the hibiscus burst into flower. Such is Florida . . . fabulous Florida.*

## DR. LUDD M. SPIVEY

Since 1925, Dr. Ludd Myrl Spivey has served with great distinction as the President of Florida Southern College.

One of the best known educators in the South and with many friends in virtually all parts of the world, Dr. Spivey can lay many claims to fame; but perhaps he is best known through the years as a man who has been wedded to an idea and an ideal.

That idea and ideal have resulted in the creation of one of the nation's most beautiful educational institutions with a West Campus which exemplifies the genius of the greatest architect of our time—Frank Lloyd Wright.

It is difficult to realize that only 32 years ago Florida Southern College had only two buildings, Edge Memorial Hall and Joseph-Reynolds Hall, with a handful of students, a small faculty and a staggering debt.

It is equally difficult to believe that the outlook was once so dismal that the trustees voted to close the college forever.

That Florida Southern has become an internationally-known College, with students from many foreign lands and almost all of the states, is a tribute to the man who became wedded to an idea and an ideal and to the host of friends and workers who never lost faith in the educator who always kept faith.

As our Alma Mater continues to move into greater and greater horizons, and as the realization of the Frank Lloyd Wright Campus dream comes nearer and nearer to realization, the Interlachen of 1957 salutes with affection and gratitude the President of Florida Southern College.

## *A Friend of Florida Southern College*

Thirty-two years ago, two young men came to Imperial Polk County.

From Birmingham-Southern College came Dr. Ludd M. Spivey to build a great educational institution at Lakeland.

From Warm Springs, Georgia, came George Washington Jenkins with dreams of a great grocery organization in Florida.

Today, beautiful Publix Super Markets are located in many Florida cities; others are under construction or on the drawing boards; and George Washington Jenkins has become a leading national figure in the supermarket industry.

Not only has Dr. Jenkins achieved eminent success in the world of business, but he is recognized as one of Lakeland's and Florida's most outstanding citizens, being in the fore in all endeavors for the public good.

A long-time friend of our Alma Mater, Dr. Jenkins in the past year has served with distinction as the Honorary Chancellor of Florida Southern College.

The 1957 Interlachen takes great pride in dedicating this volume to

## BEN HILL GRIFFIN

A native of Imperial Polk County and one of its leading citizens is the 1957 Honorary Chancellor of Florida Southern College.

Ben Hill Griffin, of Frostproof, wears with quiet dignity the beautiful chancellor's chain and FSC looks forward to another year of great progress under his able administration.

A long-time friend of our Alma Mater, the 1957 Chancellor is an outstanding leader in the vast citrus industry, having risen to eminence from a first job, after graduation from the University of Florida, as a laborer at fifteen cents per hour.

Not only is Ben Hill Griffin a citrus grower, shipper and processor, but he additionally is a foremost cattleman in Imperial Polk, having served two terms as president of the Florida Cattlemen's Association.

In 1956, he was elected a member of the State Legislature and his influence will be great at Tallahassee as a foremost proponent of good government.

The 1957 Interlachen congratulates Ben Hill Griffin on his election as Chancellor and welcomes him to Florida Southern College.

# LLOYD WRIGHT

For the past several decades, Frank Lloyd Wright, the master architect of the 20th Century, has been intimately associated with Florida Southern College in designing the buildings for the West Campus.

We are proud, indeed, that here on our orange grove campus is found the largest concentration of Frank Lloyd Wright architecture in the world, with 10 of his creations already completed, others under construction and still others on his drawing board.

Upon its completion in the immediate years ahead, the Frank Lloyd Wright Campus will prove our slogan, "The World's Most Beautiful College Campus," and the 1957 Interlachen sends a grateful and affectionate salute to the master artist in steel and concrete who creates new beauty wherever his architecture is found.

## T. C. AT FLORIDA SOUTHERN

Co-Ed Colonel Diane Beattie.

The Reserve Officers Training Corps was established on Florida Southern College's campus six years ago under the leadership of Colonel Glenn G. Dickenson. It is now one of the largest student programs and presently is headed by Lt. Colonel William R. Nealson. The unit is comprised of approximately 500 men students divided into three battalions and six companies. Students who qualify for service in the armed forces study military science and tactics during their freshman and sophomore years. Eligible students who prove their military ability during their basic two years may be promoted to advanced courses in which they will be enrolled for an additional two years. The majority of advanced students receive reserve commissions in the U. S. Army at the end of their college careers.

MAJOR WILLIAM F. MANGUM

Major Mangum was with the 2nd Army Cavalry Regiment in Ft. Meade, Maryland, before coming to Florida Southern College this year. Prior to this, he was stationed in Germany for three years, also in the 2nd Army Cavalry Regiment.

## MOCCASINS OF 1957

The basketball team climaxed the greatest season in Florida Southern's history by setting a new victory record and winning a share of the coveted Florida Intercollegiate Conference title. The team emerged with a 19-4 record. Many of the victories were upsets, including wins over Miami, Stetson, and twice

over Florida State. It was the first time in nine years that the Mocs defeated Miami. Don Tobin, Southern's classy forward, made first team all-conference and John McNamara, captain of the upcoming 1957-58 squad, was picked to the second team.
